## NaRS Emergency Responder & Emergency Responder Plus

### **Aim**

The aim of the National Rescue Standard Emergency Responders qualification [NaRS (ER)] is to enable candidates, with proven prior knowledge and experience in primary life support, to deliver the safe application of automated external defibrillation (AED); the ER+ has the additional application of facemask and supplementary oxygen.

### **Validity of Award**

24 Months with the requirement of an annual online refresher.

### **Length of Course**

All candidates for the NaRS(ER) must attend a four hour course of instruction and assessment. The ER+ is an additional two hours.

### **Pre-requisites**

#### **NaRS ER**

To be successful in the NaRS module for Emergency Responders [NaRS ER] the candidate will need to satisfy the following:

- The candidate must be 16 years of age or over;
- Attend a four-hour course of instruction;
- Demonstrate the ability to carry out the practical skills as defined in the syllabus;

### **Prior Knowledge**

The NaRS ER is only open to candidates who have knowledge and experience of primary life support techniques. Before starting the NaRS ER course all candidates will be required to demonstrate CPR to the standards as set out by the European Resuscitation Council. Candidates who fail this test will not be permitted to continue the course. They will not be entitled to a repayment of the registration fee and will need to refer to the conditions laid down by the course organiser for course fees.

### **NaRS ER+**

To be successful in the NaRS module for Emergency Responders + [NaRS ER+] the candidate will need to satisfy the following:

- Successfully complete the NaRS ER module;
- Attend an additional two hours of instruction;
- Demonstrate the ability to carry out the practical skills as defined in the syllabus;
- Satisfactorily complete a worksheet.

### **Syllabi**

#### **NaRS ER**

#### **Practical Section**

- Successfully complete the prerequisite CPR assessment.
- Demonstrate effectively the procedure for using an AED as a team leader for:
  - ◊ A casualty with shock indicated;
  - ◊ A casualty with no Shock indicated;
  - ◊ An unknown Scenario.
- Demonstrate effectively the procedure for using an AED as a single operator for:
  - ◊ A casualty with shock indicated;
  - ◊ A casualty with no Shock indicated;
  - ◊ An unknown Scenario.

## ***NaRS ER+***

### **Theory Section**

Candidates are required to successfully complete a course worksheet.

### **Practical Section**

- Demonstrate effectively the procedure for using a facemask;
- Demonstrate effectively the procedure for using supplementary oxygen;
- Demonstrate effectively the procedure for using supplementary oxygen and an AED.

### **Assessment (NaRS ER & ER+)**

The qualification is assessed as set out below;

- Continual assessment by Course Tutor.

### **Revalidation**

The **NaRS ER** and **ER+** are valid for 2 years with the requirement of completing the "**Basic Life Support & AED**" annual online refresher course. (Available at [www.trainsta.co.uk](http://www.trainsta.co.uk)). A revalidation fee is payable.
